

This worksheet is designed to help you think about what information you could include in your personal statement. Print it out and use it to make notes on which to base your personal statement.

Remember it is the same personal statement for all courses you apply to. Avoid mentioning universities or colleges by name, and ideally choose similar subjects. If they're varied then write about common themes – like problem solving or creativity.

About the course

Write down why you are applying for a particular course.

Why does this subject interest you?

(Demonstrate that you understand what is required to study the course).

Why do you think you are suitable for the course(s)?

(Say what particular skills and experience will help you to succeed).

Have you taken part in any other activities that demonstrate your interest in the subject?
(These could be from education, employment or work experience, or from hobbies, interests and social activities).
